Admissions Updates for the Class of 2030

St. Augustine High School is pleased to announce the start of the 2025-2026 admission cycle. Our goal is to create a smooth and efficient admissions process for your family. The 2025-2026 admissions process is laid out with several key admissions components and opportunities listed below:

myschoolapp – Your Admissions Hub

St. Augustine High School utilizes the **myschoolapp** admissions platform from Blackbaud to streamline and manage the application process. Families interested in applying to Saints will begin by creating a myschoolapp account, which will serve as the central hub for all admissions-related tasks and communication.

Once your account is set up, you'll be able to complete the application and access a personalized admissions checklist, which will guide you through each step of the process. The myschoolapp system will also store important data such as report card and recommendations. Additionally, messages and updates will be sent directly to your registered email address and stored in myschoolapp.

The application for **9th Grade, Fall 2026 (Class of 2030)** will open in **September 2025**. We strongly encourage families to regularly log in to their myschoolapp account throughout the admissions cycle to review official notes, track progress, and complete all required checklist items in a timely manner.

Student Shadow Days – November 2025

Experience a day in the life of a Saintsman! Student Shadow Days will take place throughout **November 2025** and offer prospective students the opportunity to explore our campus, attend classes, and meet current students and faculty.
